FIRST MEETING OF THE CAMPAIGN.

Mr. Michener Puts in Some Hot Shot.

The first meeting of the campaign was held in the Lyric Saturday night last when the theatre was filled with a large and enthusiastic audience in the interests of E. Michener the Independent Conservative candidate anxious to hear the political issues discussed.

W. E. Payne opened the meeting at 9 o'clock, and addresses were delivered by J. A. Carswell, Editor of the News and E. Michener. On rising, Mr. Carswell said that he was there to explain his position. It was said he and others were dissatisfied and were not in harmony with Mr. Michener. This was not the case. He thought there were Conservatives enough in this district to bring out a straight party man, a man who had fought the battles and was entitled to the consideration of fellow Conservatives. This view was not held by other leaders of the party who thought we should bring out an independent. He was willing to abide by the decision of the convention. The Convention had decided by a vote of 29 to 19 in favor of Mr. Michener. The majority got almost entirely for him and the town for Mr. Michener. He then moved that the vote be made unanimous which was done. He was rather in doubt himself as to which course to pursue but had voted for Mr. Michener. He was now doing all in his power to elect Mr. Michener (applause). He had not voted to secure the nomination, if he had, he would have secured it in spite of the strong opposition made against him by a few of the leading conservatives of the town. He hoped that all would now unite to elect Mr. Michener as he was an Independent Conservative all could vote for him. Mr. Carswell touched on the question of restoration of our lands. He showed the inconsistency of Liberals in making excuses for handing our resources over to the Dominion. We were not able to administer them. We did not own them. The Dominion must have them for immigration purposes and other excuses were made. The fact of the matter was we were entitled to our lands and minerals. If we had them we would have the wealthiest province in Canada. He cited expert authority in the Toronto Globe who estimated the coalfields south of Calgary contained 40,000,000,000 tons of coal and he contended we had more than a hundred billion tons of coal alone in Alberta. The Premier of Alberta acknowledged our right to our lands when he asked the Dominion Government to restore the revenue derived from the sale of coal lands by the Dominion. If we are entitled to a part we are entitled to the whole. He spoke of the grants to the province in lieu of our lands namely \$750,000. He showed the Dominion received from royalties on oil and minerals in the province at 10 cents a ton, \$200,000 last year and this was paid by the citizens of Alberta for their own coal. He showed where the Dominion Government received \$550,000 for lands sold and \$200 for timber leases. He showed where the Dominion Government received twice as much from the province as we received and yet our resources were hardly tapped and we were working on our infancy. He stood for a square deal for the province. He contended John T. Moore had assured him he would never again be a candidate in Red Deer and asked the electors to vote against him on the 22nd day of March and return Edward Michener at the head of the poll.

The chairman read a letter from John T. Moore intimating that he would not accept an invitation to meet Mr. Michener on the platform on any other time.

MR. MICHENER'S ADDRESS.

Mr. Michener, the Independent candidate, prefaced his remarks by saying that it was his privilege to criticize the present member, Mr. Moore, in all relations to public life, but he did not intend to criticize his political opinions in matters of private life.

Mr. Moore has been our representative in the Legislative Halls of this Province for the last four years. He is a candidate again for reelection on the 22nd instant. He is to be weighed in the balance, not on the 22nd day of March, but on the 22nd day of March, and on his past record, and I believe the people of this constituency will say that he has been found wanting. As soon as the house prorogued, Mr. Moore came to Red Deer and asked the Mayor to call a citizens' meeting, but our worthy Mayor was not to be entrapped with the snare. He advertised what he called a non-partisan meeting to tell us how much he thought of us all, irrespective of party, and how much he had learned on our behalf. He stated he wanted to give an account of his record, and some of our remarks. "For those may be no longer relevant." Does he suppose we thought that had it not been for the coming election, he would be so anxious to report to us? About the middle of last session a happy thought took possession of our member, he came to Red Deer telling us about the railway situation, and he got into different meetings of the Board of Trade, said he was out of politics. One day he desired to accompany a group of bondholders to the Alberta Central, if we, as a Board of Trade, and the people of the Red Deer district would support him in this, nothing would induce him to allow himself to stand as a candidate again, or to enter the political arena. On account of this pledge, irrespective of party, and what we could do to strengthen his hands at Edmonton. At his request, a large delegation went to Edmonton. Only two members out of twenty-five showed up, and even these two did not appear to want to see us. Even if these two had not appeared, it might not have made much difference to our member, as he could have easily secured the speaker's chair and asked us to speak on the question of how much confidence we reposed in him. After meeting one of the ministers, several of us found that Mr. Moore had been told how he could get the bonds of the Alberta Central guaranteed, but Mr. Moore was not in a position to do this,

and no one ought to have known better than Mr. Moore that he had not the least chance to get his railroad guaranteed by the Government. But, ladies and gentlemen, it was an opportunity to get John T. Moore guaranteed by getting us all up to Edmonton to show the Government how much on my desk, as well as on the desk of Mr. H. H. Gaetz, a type written sheet with a number of heads on which he wanted us to speak. Sorry I have not this copy, but among other things, I remember distinctly three points: "Faith in our member," "Faith in the Alberta Central," "Faith in its directors." "Faith in their ability to build." It began to dawn on me what Mr. Moore had us up to Edmonton for. It has been rumored that he wanted to get on the roll of honor, that is a portfolio, as a trump card for this election this excursion would of course help to make the government believe that the people of his constituency had confidence in him. What did he go? Not his railway supported, as the government apparently had neither confidence in him or his railway scheme, but he got the sympathy and support from the people of this district on this excursion which of course would help to strengthen him in this coming election. And even some of the people of this constituency today actually believe that it is his railroad that is the backbone of the government, but which the Government absolutely turned down. The Board of Trade, and Edmonton to look after our interests. The premier distinctly told me that he had known of this earlier, and would have been in a very different position, and gave me to understand that we would have been on the railroad map of one of the great transcontinental systems had our interests been neglected by our member. However, the Premier, as well as the Honorable W. H. Cushing, promised that they would protect the vested interests of Red Deer, and I asked the Honorable Mr. Cushing to make good his promise for a line and a road of town. The two proposed lines of the Canadian Northern run north and south, and 50 miles east of Red Deer, which would practically connect Content with Evans, and give Red Deer a chance to hold the trade of the district east and west. The Honorable Mr. Cushing, as well as the Premier, told me they would look after our interests. Now, ladies and gentlemen, Mr. Moore did not get the support of the Government for the Alberta Midland from Content to Evans as he promised it. Why? Because he had his own line, and own interests to promote. The Government had given us that far better, namely competition from the transcontinental systems, and we got it in spite of our member.

Mr. Moore's way has a trump card over the other way. He has a trump card over the capital was the big thing. He has a trump card over the capital was the big thing. He has a trump card over the capital was the big thing.

years and he will immortalize his name as a writer of the most popular comedy that the world has ever known. Our member has a wonderful power to make us believe things, some say he can hypnotize. If he cannot win you with smiles, if he cannot flatter you with threats, if he cannot convince, he will entreat, in fact he is a pastmaster at the art of saying words without meaning and meaning without words. It is said the American people like to be fooled, but I think we will fool Mr. Moore on the 22nd of this month. Many people on both sides of politics have been good enough to tell me they would support me. Others have said they would do so, but they were obliged to support the nominee of the Liberal convention. I do not call it a pledge, I call it a hold up, and a vicious principle. When a political machine will try to throttle the conscience, to de-throne judgment to procure franchises, more reprehensible than the very principles of British freedom, for which our fathers have fought and died, ladies and gentlemen, it is time to call a halt. We are not living in Russia, nor are we in the middle ages, the line of slavery has passed and I do not believe that intelligent people of this constituency will stand for that kind of thing, nor will consider such a pledge as binding upon them. Ladies and gentlemen, I believe in the best candidature of this constituency as an Independent Conservative, with a free hand to do as he sees fit to oppose the government in the interest of Red Deer district and the Province as a whole. I have no reason to suppose the government at the present time if they were willing to give Red Deer a square deal on the railroad policy. However, I do not believe the Government is infallible. I believe that we should have needed earlier, we would have been in a very different position, and gave me to understand that we would have been on the railroad map of one of the great transcontinental systems had our interests been neglected by our member. However, the Premier, as well as the Honorable W. H. Cushing, promised that they would protect the vested interests of Red Deer, and I asked the Honorable Mr. Cushing to make good his promise for a line and a road of town. The two proposed lines of the Canadian Northern run north and south, and 50 miles east of Red Deer, which would practically connect Content with Evans, and give Red Deer a chance to hold the trade of the district east and west. The Honorable Mr. Cushing, as well as the Premier, told me they would look after our interests. Now, ladies and gentlemen, Mr. Moore did not get the support of the Government for the Alberta Midland from Content to Evans as he promised it. Why? Because he had his own line, and own interests to promote. The Government had given us that far better, namely competition from the transcontinental systems, and we got it in spite of our member.

CONSERVATIVE CONVENTION.

MICHENER THE MAN.

The convention of Conservative delegates held on Thursday last in the Oddfellows' Hall was largely attended.

The chair was taken by district president, J. A. Carswell, shortly after 2.30, and routine business proceeded with.

There were present, besides the 32 delegates from Red Deer: Mr. Michener, Mr. Leslie, Mr. Leslieville, Spices, Cumberland, Card, Rosedale, Nash and Plumb Crossroads; Domoney, Greening, Hives and Wells, Penhold; Cade, W. On motion of J. A. Carswell the vote was made unanimous.

Mr. Carswell stood as a straight Conservative, while Mr. Michener stood as an Independent Conservative.

WEDNESDAY, MARCH 10th, 1909.

JOHN T. MOORE.

Once more John T. Moore is the candidate of the Liberal party. Up to a week or two ago he said he would not again be a candidate, under any consideration. Looking at the situation in cold blood he saw it was hopeless. With a number of followers, who would follow anybody, shouting for him, he now fancies he can again be elected. We cannot for a moment think the free and independent electors will allow such a thing. He is deceived into thinking he has the electors back of him as he had in 1905. The situation is altogether different. His stronghold Content, in the east, is cut off. His stronghold Everts is as strongly convinced he has deceived them as ever, and many sturdy Liberals there are fighting against him, and his forces are divided. The Conservative party has turned its own candidate down in favor of an Independent Conservative, believing, rightly or wrongly, that an independent would be more likely to defeat Mr. Moore than a straight party man. All the signs of the times go to show the people at last are thoroughly aroused and will not stand for a man living in Toronto a day longer. It is the firm conviction of most people now that John T. Moore will never again sit as a member for Red Deer in the local legislature.

THE CONTEST.

The present contest for a representative to the Local Legislature is not so much a contest of party principles or party men as it is a personal campaign. John T. Moore after misrepresenting the constituency for the past term has decided to again be a candidate. The Conservatives, the Independent Conservatives, and the Independent Liberals say he shall not again be a member for this constituency and it is now up to the people to say whether machine politics shall rule us for another term or the people. Let the slogan be vox populi (the voice of the people) and we have no fear for the result on March 22nd.

There is not another case in Alberta, there is not a case in B. C., there is not a case in Saskatchewan or Manitoba where a member of the Legislature resides in Ontario. John T. Moore was, when last elected, a prominent resident in Red Deer. Since then his wife has declined to reside here any longer and they have returned to their beautiful home in North Toronto. Electors are you working here to keep up Mr. Moore's beautiful home in Toronto? He comes here when there is anything doing in elections and to attend the sessions of the Legislature but the last two sessions he only arrived in time for the sessions and never even stopped off at Red Deer. It is claimed by some that he travels on a C. P. R. pass, if that is the case it is no trouble for him to go to Ontario and it is cheaper for him to live there than here. Electors see to it that a Red Deer man is elected to represent you in the Assembly on March 22nd.

EDITORIAL NOTES.

It is time to lay John T. on the shelf.

The electors Saturday night at the Lyric were treated to some plain truths by E. Michener.

Calgary gets the provincial, fair, with a grant of \$8,000 from

the provincial government and yet we are told Calgary gets nothing from the province.

A million dollars for government buildings. Alberta farmers protest against spending such a sum for the meeting place of a few legislators. Farmers would like better roads and less government buildings. It is time for a change of government.

The School book monopoly is still on but instead of getting our books printed in New York they are now printed in Toronto until after the elections. If elections did not come around once in a while our books might be printed in Europe for all the provincial government cared about the matter.

The public schools are the pride of Alberta, shouts a Liberal paper, and the Rutherford government are entitled to all the praise for this condition of things. When it is learned that the Rutherford government have not changed one single clause of the school laws since they came into power, then this fulsome praise is misplaced. The fact of the matter is the Rutherford government were afraid to meddle with the school law, and therefore left it severely alone.

To the Electors of Red Deer District:

Gentlemen:—

Whereas many electors on both sides of politics believe that a member

Who holds a franchise, contrary to the municipal ordinance and against the people's interest and will for Electric light power, heat etc. for the town of Red Deer,

Who holds railway charters touching Content, Red Deer, Burnt Lake, Sylvan Lake, Everts, Eokville, Leslieville, and Pine Lake, without ability to build, and thereby is in a position to hold up other companies who would build,

Who controls telephone lines in the country west of Red Deer thereby keeping out government lines, on which the exchange to Red Deer is only a fraction of the exorbitant charge of his private lines,

Who retards local improvement in Red Deer and the country by non payment of taxes,

Who by neglect, non residence and false promises has sacrificed the interests of the Red Deer District,

And, whereas many electors irrespective of party have urged me to accept the candidature in the forthcoming election as a representative of this district,

I have accepted the nomination of the Conservative Convention as an Independent Conservative candidate with a free hand to support good and honest government in the interests of the Red Deer District and the Province as a whole irrespective of party.

I believe that in this new Province where there is necessarily so much constructive legislation, party strife should be avoided as much as possible, and all work

together for the interest of the people as a whole.

I believe right at the beginning of the development of this great province, machine politics should be discouraged as it is a menace to the state, as well as a menace to the best interests of either party.

I have served the town of Red Deer for three terms as Mayor, I have served the Province of

Alberta as President of the Union of Municipalities.

If you believe I can serve your interests in the Legislative Halls of this Province. I will promise you that I will do my level best to promote the interests of this District and the Province as a whole.

Yours faithfully,
EDWARD MICHENER.

ELECTORS OF RED DEER DISTRICT:

Who holds the charter for the Alberta Central Railway east and west of Red Deer; and who refused to sell out to a syndicate who offered to purchase and build the railway to the Rocky Mountain House two years ago?

Who told the electors of Everts and the West that the road would be built last fall? Who applied shortly afterwards for an extension of time for two years?

Who controls the telephone system to Burnt Lake, Sylvan Lake and Everts to communicate with Red Deer? 25c., 35c. and 40c. What does it cost the farmers of Pine Lake to communicate with Red Deer? Just 15 cents, and the distance is the same? Why is this? The government owns the Pine Lake system. Who gets the rate-off?

Who told the people of the district that Red Deer would be the centre of a judicial district which went to Wetaskiwin? What was the answer of the government to the delegation to Edmonton about it? It was too late, and the government never knew through the member Red Deer wanted and was entitled to it.

Who attempted to force the Town to construct a sewer system nearly two miles out of town to the east at tremendous cost through land he was interested in?

Who has held back settlement and improvement of land about Red Deer, since the advent of the C. & E. railway, by extortionate prices for lands; has had it tied up in litigation for years; has impoverished School and Local Improvement Districts by non payment of taxes thereon?

Who held up the people of Red Deer for \$2000.00 to keep the best industry of Red Deer, the Great West Lumber Company, here? Who turned away the placing of the Provincial Asylum from Red Deer?

Should not the member have the interests of the district first and foremost?

Will holding lands back from settlement and improvement, holding two railway charters touching Content, Red Deer, Burnt Lake, Sylvan Lake, Everts, Eokville, Leslieville and Pine Lake; the monopoly of electric light and telephone in Red Deer, and the telephone as far as Everts under the control of one man, and that man the member for the district, be in the interests of the people of the district?

Who would such a man first serve—the people or himself? Did the member for Red Deer vote for placing the capital of the Province of Alberta at Red Deer? What page in the Journals of the House can it be found on?

What did the Alberta Government tell the delegation from Red Deer on the 8th February last about quick progress in Red Deer? The premier said his railway policy had been outlined in the press some months before; that he had not had a request from Red Deer through the usual channels, and that the plans of the government had been formed, backed up by facts and figures regarding all other parts long ago, but that he had not heard that Red Deer wanted anything MOORE. It was he feared too late in the day now to come to the government and that we should go to Ottawa for help. The Hon. W. H. Cushing stated that he feared Red Deer had been too slow again. Where was the member for Red Deer during all this time? Was he looking after the interests of the district which he was elected to represent and look after; was he too busy with the arbitration for higher electric and telephone rates in Red Deer, or was he at his home in Toronto?

Since his election in 1905 how many times has he been over the District to ascertain the urgent needs and requirements of the people?

What legislation stands to his credit in the interests of the people? None; unless the legalisation and interpretation of an agreement which he obtained from the Town, and which the Town had no power to grant, or the Red Deer Railway charter can be credited to him.

These and many other pertinent questions should be answered to the satisfaction of every elector before one vote is cast at the polls for John T. Moore.

ELECTORS, BEWARE!

He is an artist in word pictures; he has too many words for his thoughts; he is a prince at self-promotion; he is a Carnegie on donations.

ELECTORS! Is a resident of Toronto good enough to represent Red Deer at Edmonton for five years longer.

A RED DEER MAN IS GOOD ENOUGH FOR RED DEER.

Vote for Edward Michener, the Independent Conservative Candidate, who stands for the people, who will give the people a square deal, whose interests and prosperity is your interest and prosperity. They do not clash with the Railway, Telephone or Electric Light development of the District.

VOTE FOR EDWARD MICHENER; YOU CAN BELIEVE HIM. HE IS SAFE TO TRUST FOR FIVE YEARS AS OUR MEMBER.

SNAPS !!

Now is the hour of opportunity, "the psychological moment," to buy Red Deer Real Estate.

Jacobites Would Dethrone The King.

Stuartites Will Proclaim Son of
Maria Theresa King of England as
the Blood Successor of James
II, Who was Ousted by William
of Orange in 1689—Edward VII
an Impostor.

Paris, March 2.—With the
death of the Princess Maria
Theresa, of Bavaria, who expired
at Cannes, the Jacobites of
England and the continent are
preparing to make one of their
epidemic demonstrations, pro-
claiming her son, Prince Rupert,
of Bavaria, the legitimate King
of England. It is not believed
that this exhibition will be of any
particular significance, consid-
ering the fact that the Jacobites
probably of a proclamation by the
leaders asserting that the de-
ceased princess was the blood
successor of James II. and that
therefore Edward VII. is an im-
postor and should be forced from
his throne in favor of Rupert.

Similar demonstrations by the
Stuartites of Jacobites have hap-
pened at frequent intervals
throughout the past three hun-
dred years. The claim they
make to the throne is based upon
the historical ousting of James
Stuart by a packed English par-
liament in 1689 and the ap-
pointing of William of Orange as his
successor.

Asserting that this dethrone-
ment and crowning was illegal,
the Jacobites declare that all
kings and queens since have been
impostors, and that the ousted
Stuart progeny are still the only
legitimate sovereignty. The last
furore created by the Jacobites
was in 1902, when they placarded
London with proclamations de-
manding that the English people
rise and dethrone the "Impostor,
Edward." The family of the late
crown princess, however, nev-
er joined in the movement and have
always been loyal to the existing
regime.

Indigestion Ends.

You can eat anything your
stomach craves without fear of a
case of indigestion or dyspepsia,
or that your food will ferment or
sour on your stomach if you will
occasionally take a little Diapepsin
after eating.

Your meals will taste good, and
anything you eat will be digest-
ed; nothing can ferment or turn
into acid or poison or stomach
gas, which causes Belching,
Dizziness, a feeling of fullness
after eating, Nausea, Indigestion,
(like a lump of lead in stomach),
Biliousness, Heartburn, Water
brash, Pain in stomach and in-
testines or other symptoms.

Headaches from the stomach
are absolutely unknown where
this effective remedy is used.
Diapepsin really does all the work
of a healthy stomach. It digests
your meals when your stomach
can't. Each triangle will digest
all the food you can eat and leave
nothing to ferment or sour.
Get a large 50-cent case of
Diapepsin from your
druggist and start taking today
and by tomorrow you will actually
brag about your healthy, strong
Stomach, for you then can eat
anything and everything you
want without the slightest dis-
comfort or misery, and every
particle of impurity and Gas that
is in your stomach and intestines
is going to be carried away with-
out the use of laxatives or any
other assistance.

It was his veiled yet strenuous
masculinity that made him the
muscular conqueror of his youth-
ful companions, the witty cham-
pion of the hustings, the un-
challenged leader of the Illinois
bar, the equal, and by far cleaner
methods, in practical politics of
Weed and Cameron, the in-
structor in statecraft of Seward
and Adams; the forerunner with
a prescience uncanny, of the
military strategy of Grant and
other leading campaigners, and
an absolutely incomparable
statesman in moulding and fas-
hioning the antagonistic factions
in House, Senate and Cabinet
and among the council of war
governors. Here was an all
around masculinity which usually
quickly won all hearts and which
even compelled the finally whole
hearted homage of such egotists
as Chase and such autoocrats as
Stanton.

But there was immeasurable
femininity in him also, and it was
this permeating womanliness that
made him the mystic, pondering
his dreams, heeding, even coming
to look for premonitions, ready
to investigate the spiritualistic
fads of his day, and, more than
all, it was this that made him the
great heart who could see neither
bird, beast nor man suffer while
he had it in his power to relieve.

Presentations.

The numerous friends of Mr. and Mrs. Walter P. Helliwell will be pained to hear of their departure for Calgary on Monday evening's train.

They have made a host of warm friends during their residence in Red Deer. As a proof of this a great number of parties have been given during the past fortnight in their honor.

Mr. Helliwell has identified himself and the bank very closely with the commercial development of Red Deer. His policy was not that of a banker only; he is a financier—a business builder, and has proven himself to be most efficient in every particular.

His departure will be very generally regretted, and all join in wishing him success in his new field of labor. Both he and Mrs. Helliwell have won a very warm place in the hearts of the people of Red Deer.

On Thursday afternoon a large number of Mrs. Helliwell's friends met at the residence of Mrs. G. Wellington Greene and presented her with an address and a handsome cut glass tankard, as a slight token of their admiration for her, and in remembrance of warm friends and happy moments associated with her whilst living here.

There were about forty-five delegates present and short addresses were delivered by A. D. McClure, A. P. Oleson, D. McClure, D. Bethune, and others. Correspondence.

To The Editor of the News:

Dear Sir,—Wishing to sail under true colors, as I have always endeavored to do, I thought you would not mind giving my views on the working of the election we have just entered on through your columns.

Last week I had an invitation to attend a Liberal meeting to send delegates to send to the convention for the bringing out of a candidate for the Provincial House.

On entering the hall a paper was presented for each one to sign to the effect that each one who signed pledged himself to support whoever was selected to run by the convention.

Before signing, I distinctly asked anything had yet been done to regard to selecting names for nomination and the answer was NO nothing but to leave them to the convention.

I took and signed but judge of my disgust when turning in my seat to find the door I did not go through was closed and I was told that I was not to go in.

I was then told that I was to go in and choose from the list of names previously supplied to them from which they were filling up their ballot papers ready for the vote, they I learned, had been got out by a select few of the Liberal leaders who I suppose think themselves more capable with their extra brain and foresight to make such a selection, and these lists were handed out to those who were to be trusted and of which they must have found a considerable number out of 87 present at the meeting.

I went straight for the eleven type written names.

Now Mr. Editor does that look like a square deal, I think not, and in my utter contempt I left the meeting and told those at the door I did not wish myself to the paper I had signed as I had been told to in the matter.

I believe it is for one believe he will have his work cut out this time now he is up to get ready to sit down in the house again as he certainly is not my ideal of a supporter of Red Deer and district.

Mr. Editor, I am taking my stand this time as an independent Liberal and shall most certainly do so in my power to get the return of Mr. E. Michener who I am convinced has the interests and welfare of Red Deer and district at heart. Thanking you in anticipation, I remain

Yours Sincerely,

FRANK MOTT.
